

Notice of Posting to the Environmental Registry for the North Kent Wind 1 Project

Project Name: North Kent Wind 1 Project (the Project)

Project Location: Municipality of Chatham-Kent, Ontario

Dated at: Chatham-Kent this, the 10th of February, 2016

Applicant: The Project is being proposed by North Kent Wind 1 LP, by its general partner, North Kent Wind 1 GP Inc. (North Kent Wind 1). North Kent Wind 1 is a joint venture limited partnership owned by affiliates of Pattern Renewable Holdings Canada ULC (Pattern Development) and Samsung Renewable Energy Inc. (Samsung Renewable Energy).

Project Description: As a renewable energy facility, the Project is subject to the provisions of the *Environmental Protection Act* (the Act) Part V.0.1 and Ontario Regulation 359/09, as amended (the Regulation), and requires a Renewable Energy Approval (REA) prior to construction. If approved, the Project would have a total maximum nameplate capacity of up to 100 megawatts (MW). As identified in the Act and Regulation, the Project is a Class 4 wind facility. The location of key Project components is shown in the map below. Additional information about the Project is available online at www.northkentwind.com.

Environmental Registry Posting: This notice is being distributed in accordance with Sections 15.1 and 15.2 of the Regulation following posting of the Project on the Environmental Registry (www.ebr.gov.on.ca) under number 012-6666 on February 2, 2016. In accordance with the Regulation, North Kent Wind 1 has made copies of all final documents available for public inspection online on February 10, 2015 at: www.northkentwind.com. The documents are available for review in English. Questions or comments about the Project can be submitted to the Ministry of the Environment and Climate Change by using the contact information provided on the Environmental Registry by March 18, 2016.
