

North Kent Wind 1 Project Community Liaison Committee

Application to join the Community Liaison Committee

The North Kent Wind 1 Project is a wind facility located north of the City of Chatham in the Municipality of Chatham-Kent, Ontario. The Project will produce up to 100 megawatts of power and is being developed by North Kent Wind 1 LP, by its general partner, North Kent Wind 1 GP Inc. (North Kent Wind), which obtained approval from the Ministry of the Environment and Climate Change (MOECC) to build a Class 4 Wind facility in June 2016.

North Kent Wind understands the value of including multiple voices in the discussion regarding the construction, installation, use, operation, maintenance and retirement of the North Kent Wind 1 Project. As a result, North Kent Wind is establishing a Community Liaison Committee (CLC) to discuss the important aspects of the Project as outlined above. AECOM has been retained to help establish and facilitate the CLC. The committee will serve as a forum to share ideas, express concerns and to provide the community with ongoing updates about the Project. The CLC will not be revisiting items associated with the REA process.

To ensure that the CLC embodies the wide range of community interests, the CLC is expected to consist of up to approximately 12 individuals from the following groups:

- Landowners and residents within 1 km of the Project;
- Indigenous communities;
- Members of the Agriculture community;
- Business / industry representatives;
- Local social and environment organizations; and,
- Representatives from local agencies.

The CLC is will meet at least four times over a two-year period, with an average of two meetings each year. The meetings will be held near the Project Location at a time and location that is convenient to most members. We expect to hold our first meeting in January 2017.

We will consider the following when confirming the CLC membership:

- Knowledge of the community and the issues / concerns / benefits related to wind energy;
- Leadership in / or commitment to the community;
- Ability to effectively address issues and concerns from a variety of perspectives;
- Ability to respectfully participate in community-related and consensus-based discussions;
- Interest in working productively to enable two-way communication between North Kent Wind and the community; and,
- Ability to work well in a team or on a committee.

Members of the CLC will be chosen by AECOM. For those who express interest but do not become a part of the CLC, all meetings will be open so that the public can attend and observe the conversation. Requests for delegations will be considered in consultation with the CLC and North Kent Wind. A total of three (3) brief (up to 5 minutes) delegations may be made at each CLC meeting.

Please contact Mark van der Woerd of AECOM if you have any questions about the North Kent Wind 1 Project CLC.

Email: Mark.VanderWoerd@aecom.com

Phone: 905-390-2003

Please complete this form and forward it to Mark van der Woerd (AECOM) by December 19, 2016 if you would like to be considered for membership on the North Kent Wind 1 Project CLC.

Name: _____

Address: _____

Phone Number (s): _____

Email Address: _____

Please tell us how you would prefer to be contacted: _____

Please identify the area(s) of the Community you believe you represent (e.g., Business Owner, Neighbour and Landowner):

Please tell us why you are interested in being a part of the Community Liaison Committee:

Please list any technical experience/expertise you have related to wind energy or power generation:

Please list any other experience you think would be beneficial to the CLC (e.g., economic, environmental, development, community knowledge):

Member Requirements – Please confirm:

- I can attend a two (2) hour meeting four (4) times over the next two (2) years
- I can commit to being informed about the Project, participate in meetings in a collaborative and productive manner and will review meeting minutes and other relevant documents in advance of meetings
- I have experience working on/within a committee structure
- If checked, please list/identify: _____

Thank you for your interest! Please contact Mark van der Woerd to submit your application.
